MOTION TO EXTEND TIME TO FILE MOTIONS IN LIMINE (ASSENTED TO)

The United States of America respectfully moves that the deadline to file motions in limine in this case be extended to at least Thursday, April 26, 2007. Defense counsel assents to this request. As reasons therefore, the government states that the trial is scheduled to commence on May 21, 2007, and the parties require additional time to consider and prepare motions in limine, if any are to be filed. Additionally, defense counsel is without computer and telephonic connectivity because of the recent weather. Allowance of this motion should not affect the trial date in this matter and is in the interests of justice.

Respectfully submitted,

MICHAEL J. SULLIVAN  
United States Attorney
